

Brockton Fire Department  
560 West Street  
Brockton, Massachusetts 02301

### **SECURED KEY ACCESS SYSTEM**

To allow the Brockton Fire Department the ability to gain rapid access without causing damage, the Brockton Fire Department has instituted a voluntary Secured Key Access System, and is requesting your participation in this program.

This system focuses on a high security key safe used to store building access keys for Fire Department use. The key safe is purchased by the building owner and is mounted on the outside of the building adjacent to the access door that would normally be used by the Fire Department to reach the fire alarm system, sprinkler systems, etc. This unit makes keys available to the Fire Department and simultaneously provide you with the security that is important to all our businesses. Only the Fire Department controls access to the lock boxes and therefore eliminates the need to carry hundreds of keys. Should there be an emergency alarm from your building, the Fire Department will be able to gain rapid access, handle the emergency and lock your building to maintain security.

#### **To Order an Approved Locking Device – follow these directions:**

Go to [www.knoxbox.com](http://www.knoxbox.com)

Click on green shopping cart button and find the Brockton Fire Department.

Select Product for purchase, Enter Installation Address, and proceed with checkout or an approval request.

A confirmation of order will be sent to the Fire Department.

Once the product is received, contact the Fire Prevention Bureau at 508-583-2933 for location approval and lock up.

Fill out and return the SECURED KEY ACCESS SYSTEM REQUIREMENTS and SECURED KEY ACCESS PERMISSION AND RELEASE FORM to:

Brockton Fire Department  
Office of the Fire Chief  
560 West Street  
Brockton, MA 02301

PLEASE NOTE: The Brockton Fire Department will be the only key holder to your lock box. Any changes you make regarding keys for your building will require that you contact the Brockton Fire Department to respond to your lock box to open, change keys and secure your lock box. This is done immediately at no charge.

Thank you for your participation in the Secured Key Access System.
